Design Engineer, Architectural Photographer & Artist

Design Engineer with 15+ years of experience in frontend development, visual design, and digital products. Specializing in React, Next.js, and TypeScript, with a focus on usability, performance, and visual craftsmanship. Also work professionally across architectural photography and original digital artwork.

Artist
2026 – Present | New York, NY (Hybrid)

- Launched a commercial digital art collection after nearly a decade of creative and technical development
- Create original abstract artworks and continuous animations through custom JavaScript, WebGL, and GLSL systems
- Develop digital artworks for architectural and commercial environments

Design Engineer
2012 – Present | New York, NY (Remote)

- Design and develop digital products using React, Next.js, TypeScript, and Tailwind CSS
  Built and maintain a proprietary photography licensing platform with search, ecommerce, and digital asset delivery
- Develop scalable frontend systems, reusable components, and accessible interfaces, with responsibility for performance, SEO, and deployment

Architectural Photographer
2016 – Present | New York, NY (Hybrid)

- Provide architectural photography for NYC developers, property owners, and real estate agencies
- Built and maintain an architectural photography archive of over 200,000 images, with work that includes landmark properties such as the Empire State Building and Woolworth Building, as well as projects for RXR, Brookfield Properties, Douglas Elliman, Compass, Sotheby's International Realty, PR agencies, and creative studios
- Featured on Bravo's Million Dollar Listing New York, with photography licensed by international brands such as IKEA

Örebro Municipality

Childcare Worker
2014 – 2016 | Örebro, Sweden (On-Site)

- Planned structured programs and managed daily operations
- Created digital documentation systems and organized internal workflows
- Designed communication materials and managed social media presence
- Developed visual and marketing assets for parents and community outreach

System Administrator
2013 – 2014 | Örebro, Sweden (On-Site)

- Managed website, digital infrastructure, and social media presence
- Designed marketing materials and user-facing communication assets
- Supported a custom-built recruitment platform connecting job seekers and employers
- Conducted interviews and helped optimize candidate-company matching workflows

Education
